## **ORGANISATION PROFILE:**

SHRI SAI BAHUDDSHIYA SEVABHAVI SANSTHA is a non-profit making charitable society (NGO) for promotion of health nutrition, cultural, educational, PwDs/Divyangjan's Health, health of Backward community, Agricultural, Environmental, women, child development and welfare activities, registered under the Society Registration Act-1860 And has been working hard since it's establishment for the education and other various welfare, developmental programs, increasing the literacy rate, better health and proprietary of the rural and slum area community. We are trying for the creation of the knowledge society by increasing literacy rate and in agriculture and allied sectors through pooling of human physical, social and economic resources for the welfare of rural and urban community. We have continued our efforts during the year from 2014 to till date with tremendous hope and anticipation about the rural Development, farmer's empowerment, to skill the unemployed youths, women and children's upliftment.

Organization has in the past been involved in activities for awareness campaign on issues like TB , Health, AIDS, Women health and Environment. Organization is working with District and local

government, backward classes with main focused on Pwds children and women's health issue. The organization is realized the need of demanding Rights and Govt. services needs to be go in hand in hand in the development of Urban Migrated poor's in the economic development. We have tried Entrepreneurship development and in the Education we have targeted youth, Children and women's on awareness on PwDs.

We are trying for the creation of the knowledge society by increasing literacy rate and in agriculture and allied sectors through pooling of human physical, social and economic resources for the welfare of rural and urban community. We have continued our efforts during the year from 2014 to till date with tremendous hope and anticipation about the rural Development, Road Safety and Advocacy program, farmer's empowerment, to skill the unemployed youths, women and children's upliftment. From last twelve years **SHRI SAI BAHUDDISHIYA SEVABHAVI SANSTHA** is working for the betterment of people who are dealing with poverty, illiteracy, discrimination and sufferings, We aim to figure out the issues which are threatening the overall development of the society, to find the best possible solution and to create an awareness for their preventions. With the moto of serving humanity and spreading the love and peace, our organization is consistently active in service of thalassemia and other severe patients, mentally challenged children, orphans, people from poor

and back warding areas, and senior citizens. Even today, people are not aware about the severe diseases like thalassemia, and we are aiming to spread the perception and make everyone participating in its prevention.

The world is full of pains and grieves, and similarly there is infinity of humanity and emotions. A sr-m1,step taken earlier has become a whole path towards change and improvement. The organizational has crossed many milestones, but still there is Lot to be achieved and with the whole **hearted** efforts we are finding new ways of development

## VISION OF THE COMPANY

We envision to work towards social welfare and serving the humanity for the betterment. Our vision is to uplift people and enhance the quality of life for all by breaking the vicious cycle of poverty and social isolation and restoring hope of a better future

**To be the leading center providing Health care service, Health and Nutrition, Child developmental services women counseling and health related issues, youth development, responsive education, services for development of rural region.** To help alleviate poverty by enabling access to the basic necessities of life including clean, safe and nutritious food; clean and safe drinking water; shelter; education; and livelihoods for people deprived from such access.

Through our dedicated efforts and collaborative partnerships, we aspire to be a beacon of hope, driving transformative change in the lives of children and their families, fostering a future filled with possibilities and boundless potential.

## **MISSION OF THE ORGANIZATION**

### **Nurturing Growth, Nutrition and Health, Inspiring Progress**

**Social empowerment is the mission of our organization. To initiate new ideas in the field of health, facilitate, coordinate, to implement an integrated rural and health development program, Nutrition and health in Backward areas of Beed district. To create awareness in the society regarding Nutrition, child rights, child protection, women development, to empower the health of these section.**

Our mission is to provide a nurturing and holistic environment where children with good nutrition and supplementary food can receive comprehensive rehabilitation services, early intervention, and educational support. We are committed to empowering children with nutrition and health in Backward areas of Beed.

## **OBJECTIVES OF THE ORGANIZATION**

To create awareness in the society of self-absorbed and comprehensive developmental disorders and early detection of Malnutrition in children and provide them with all types of rehabilitation treatment under one roof. Bridge the gap between needs. This is the main objective of the Organization

- ✓ child nutrition and health
- ✓ health of Backward community
- ✓ trial women personal health and hygiene
- ✓ Women and child development
- ✓ Educational development
- ✓ Health and sanitation
- ✓ To provide free health treatment to the needy people.
- ✓ To promote research and training in the field of Health.
- ✓ To encourage the youths on entrepreneurship and rural development.
- ✓ PwDs health service.

**Background of the Project/DETAILED PROJECT REPORT (DPR)****Brief information:**

Proper nutrition plays a pivotal role in promoting healthy development, enhancing cognitive abilities, and preventing various diseases. However, many individuals, particularly in underserved communities, lack access to nutritious food and lack the knowledge and skills necessary to make informed dietary choices. This project aims to bridge these gaps by implementing nutrition education programs and interventions that improve food security.

The School Health and Nutrition Program outlined in this proposal aims to address the critical need for promoting health, nutrition, and overall well-being among students. By implementing this comprehensive program, we can enhance students' academic performance, reduce absenteeism, and contribute to their long-term health outcomes. We seek support and collaboration from relevant stakeholders to make this program a success and create a healthier future for our students.

Nutrition-sensitive programs in agriculture have enormous potential to increase nutritious food consumption and effectiveness of nutrition-specific actions like kitchen garden to fulfil the need of vegetable and fruit for family

Women become empowered on access their entitlements on Health & Nutrition. Special focus on First 1000 days care of every children in village for their brain development, proper growth

Improving adolescent health and support them to choose a better livelihood opportunities, reduce child marriage by introducing Life Cycle approach and clarity on future planning. Encourage Self Help group and Village Organization to take charge of rural youth, guide them on fixing life goal, helping them to choose proper career opportunities

The comprehensive community health program for mother and child will provide primary health care services to a population of 25 villages in Beed district. The project includes traditional Birth Attendant (Dai) and Community Organizer at the village level, Public Health supervisor and Nutritionist-cum-Health Educator at Middle level and supervisory technical staff providing support to field staff. The focus of the project is on health service family planning, mother and child Health, Immunization, low cost nutrition & food preparation, Oral Re-hydration. Thereby, Education for women and

Environmental sanitation and on the formation voluntary health worker in every house of Backward areas. This project will develop an innovation system of Training, Reporting and Monitoring. Reporting system will be formulated by the Dai and community organizer, which indicate the projects consistent emphasis on participative training and development.

SHRI SAI BAHUDDSHIYA SEVABHAVI SANSTHA recognized a growing need for a specialized center of excellence that could address the unique challenges faced by children and women with nutrition and Malnutrition in Beed district. Families often faced financial constraints in accessing specialized care, hindering their child's progress and development.

This dedicated project aims to be a haven of support, offering a holistic approach to rehabilitation, early intervention, inclusive nutrition health service and community empowerment for children with special needs.

## Targeted beneficiaries:

We will work in 5 districts in Marathwada region of Maharashtra and each district will have 30 cluster villages, where Health problems are more acute and Governmental primary Health Center is 10-15 km away from The city. Beed Jalna, Parbhani Nanded and Aurangabad will be the five beneficiaries district. **Beed district** is an administrative [district](#) in the state of [Maharashtra](#) . The district headquarters are located at [Beed](#). The district occupies an [area](#) of 10,693 km<sup>2</sup> and has a [population](#) of 2,585,049 of which 17.91% were urban (as of 2011)

### History:

Beed district has a long history of many rulers and kingdoms. In the ancient era, this city was called as *Champavati nagari*. The city still proudly shows some old monuments showing the signs of past glory in the form of many city entry doors (called *Ves* in local language) and city protection walls. Until the 19th century, this part of [Marathwada](#) was under the Nizam monarchy, but was later included into the Indian Republic after a fierce struggle between Indian freedom fighters and Nizam soldiers. The name of Bhir is given by Mohammad Tughlaq

According to the 2011 census Beed district has a population of 2,585,049, roughly equal to the nation of Kuwait or the US state of Nevada. This gives it a ranking of 160th in India (out of a total of 640). The district has a population density of 242 inhabitants per square kilometre (630/sq mi).

## Statement of Problem:

Due to lack of knowledge, information and orientation in health and hygiene the grass root level villagers cannot understand the need of immunization, importance of growth monitoring, technique of low cost nutritious food preparation, different methods of birth control, spacing between two children, importance using sanitary or pit type latrine, preparation of safe drinking water, maintenance of personal hygiene and disposal of waste products from the home and practices to maintain good health. In fact sound health deteriorates herewith the increase of superstition and wrong method of treatment. So the incidence of maternal mortality, child mortality, morbidity, dehydration and malnutrition rate and other infectious diseases are quite high as per our community diagnosis. The existing Dai are not qualified so they cannot diagnosis in the case of high-risk pregnancies properly. The quacks are not trained. They depend on limited indigenous knowledge. The diversity and multiplicity of the problem can be decreased with some comprehensive program in this matter. At the time of feeling pain, they have to take to distant primary Health center but on the way the pregnant women face great problem. Sometime the pregnant women are compelled to give birth their children under the open sky.

Based on our engagement we could know there is inadequate and improper food practices along with poor hygiene which has led to 80% anaemia among women and almost 90% malnutrition condition

in children. For food intake the major focus would be adequate diversified food production with increased intake of protein rich food. Additionally hygiene factors would be looked upon to avoid unwanted expenditures. The objective behind initiating this activity was looking at the stark reality of malnutrition in the area. At the outset of initiating the interventions of nutrition when C N A (Community Need Assessment) was done, some factors that were found contributing to malnutrition are:

- Substantial gaps in primary health care infrastructure
- Shortage of person power, drugs and equipment necessary for primary health care
- Lack of training facilities
- Low institutional deliveries and maternal death (21.4 and lifetime risk 0.7%)
- Under-nourishment among children and women
- Very low coverage of full immunization
- Low level of female literacy rate (46.25 as per census 2011)
- Traditional practices related to pregnancy and childbirth for e.g. lactating mothers having just one meal a day (only rice and garlic), throwing away colostrum etc.
- Local food consumption pattern which mostly comprises of carbohydrates and very little protein vitamin/mineral content food
- Due to various reasons pregnant women not registering self with AWC
- Service delivery (Institutional Delivery & JSY) system not functioning in a desired manner
- So, to overcome such a state, six buckets of interventions were planned and short modules were designed and developed accordingly to achieve the state of reduction in malnutrition and growth in the nutritional status of people of the area. Those 6 Buckets were.
- Diet Diversity
- Sanitation & Hygiene
- Infant and Young Child Feeding
- Adequate Food Production
- Accessing Entitlements
- Women Empowerment

## **NEED OF THE PROJECT:**

There is a pressing need to intensify and expand nutrition sensitive interventions in the targeted area. The major interventions that we are planning are described below.

It has been seen that most of the Backward area do not have tube-wells and which are sunk previously are not working since long back. Naturally most of the Backward areas depend on pond water, which is highly polluted. In remote villages where we are working like Backward areas and all villagers prefer open field or Maidan excretion. There is a great need of low cost sanitary latrine to reduce the case of health hazards like malnutrition and dehydration etc. Due to inadequate communicative have to depend on quack. One Dai has to look after 5-10 villages. As per our diagnosis through in depth interview, observation and group discussions it has been seen that the Health Delivery system is not at all adequate enough and due to various socioeconomic reasons 80% villagers cannot migrate from the village. So for any chronic or severe disease they have to depend solely on quack and untrained Dai, naturally the maternal mortality, child mortality and morbidity, dehydration and malnutrition rate is increasing day after day. The family size is 5-8 on an average in our adopted villages. The people are ignorant about family welfare. The percentage of literacy among women of lower middle classes are having education of primary standard. So any intervention with mobile health delivery system and with referral services in case of high-risk pregnancies and children will help those village peoples to

equip themselves for the betterment of their standard of health and hygienic condition.

Beed district is the backward region in the state Maharashtra. It has many problems like health, education, water and sanitation, women and child health, poverty and low agriculture income. Child health is also a major problem in the district. Many mothers and children die due to lack of health facilities. Our organization will work to overcome these health problems. We will provide Health facilities in Backward areas at home to people with the help of mobile dispensary. Free health checkups and treatment will be provided to poor and backward people.

Sensing that Medicare is the most important component of village life, SHRI SAI BAHUDDSHIYA SEVABHAVI SANSTHA has proposed unique project Mobile Medicare Unit for health and nutrition care. There are persons who are too vulnerable and old to visit hospital for treatment & are too poor to afford it. It hence, becomes necessary to bring medical facilities at their doorsteps.

While accessibility upgrades are still needed for many healthcare facilities and services, there is also a need to understand the specific need for healthcare due to disability conditions, which includes specific health services related to disability conditions and comorbidity. Further, many healthcare workers lack the training and knowledge they need to provide appropriate and respectful care for child and women.

## PROJECT DESCRIPTION & METHODOLOGY

We are working in the field of women and child health, rural development, poverty alleviation, cultural and arts conservation of Backward and local areas. This project has a centralized of Rural Backward health center, backward areas of Beed district, child, women health and covers 35 Villages of district with the existing Backward beneficiaries of 1590 and adding population of 50 every year (New born, migrants and others).

The project will have easy services throughout-reach from the health center to 35 Villages. The main focus will be on child and women's nutrition.

We will conduct survey and collect data on main beneficiaries of the targeted beneficiaries. After collected data we will conduct awareness program for the targeted beneficiaries, we will also provide medical assistance and treatment to the needy people.

The proposed project aims to address the critical issues of nutrition education and food security, focusing on empowering individuals and communities to make informed dietary choices and ensure access to nutritious food. By combining educational initiatives, community engagement, and practical interventions, the project aims to improve overall health and well-being while reducing malnutrition and food insecurity.

## Methodology:

At the grass root/village level: At this level we have to form Community Organizations as cluster of village/Mahila Samity in 30 villages under Beed Taluka. The community organizer will preliminarily detect the high-risk mother and children through home visit and person-to-person communication method and she will also conduct group discussion to identify the rural need of the community people. This grass root level organization will help us to form an institutional base and for better participation in any program implementation. The community organizer will also help the village level Dai and people to make them conscious about the importance of birth control through different methods, immunization, regular health check up for pregnant mother and children up to 0-5 years of age, to diagnosis the high risk pregnant mothers and children prevention of epidemic diseases, oral re-hydration therapy. They will arouse general health consciousness amongst housewives, school students and youth clubs members. We will also arrange for mothers meeting, baby show, immunization camp and mother and child health on a regular basis. We can ensure for strengthening our existing resources to work with Dai (Traditional Birth Attendant) and community organizer for successful implementation of the program of the grass root level.

### **Intermediate Level**

At this level Health post will be conducted by public Health supervisor and physician (M.B.B.S) through Mobile Clinic on monthly basis at our adopted 35 villages. The village people including women and children will assemble at the health post at village level. They will consult with the doctor. The doctor will make them aware through treatment, advice, lecture, showing, chart poster, health seminar etc. The high risk mother and children will be attended to by the Mobile unit and referral service will be rendered to relevant mother and children at our Hospital and on the basis of the severity of the patients they will be referred central level hospital. At this stage we will follow a scientific management information system for quick decision-making and to take up appropriate treatment for the poorest of the poor mother and children. At this stage all information will come to the physician through community organizer(s) for quick action and referral services to reduce maternal mortality, child mortality and morbidity malnutrition and re-hydration rate. This system will be followed from the inception of the program. The Mobile unit will also arrange camp from time to time for better coverage and will monitor the activities of Dai and community organizers.

### **Central Level/Referral services:**

At this level under the leadership of a Medical Officer (Physician) and Health supervisor all the activities of the project will be monitored and corrective measure will be taken from time to time for effectiveness of the program and for better outcome to achieve our ultimate goal Health and education for all and economic self reliance amongst women folk in our target group in Basanti Block. The high-risk mothers and children will be treated in our Hospital Campus for safe delivery and good health for children and mothers. At this stage referral services will be given to mother and children during emergency. To ensure whether we are proceeding as per plan and scheduled we will form an impact Evaluation Team. It will look into outcome of the program and its effectiveness and suggest corrective measures. An outdoor Clinic and counseling center for rural folk at the Central level will be organized from the central community Health Center (Maternity Hospital). Out door and indoor patients will be treated from this health center.

## Main Methodology of the program:

- **Needs Assessment:** Conduct a comprehensive needs assessment to identify gaps and challenges in the existing primary healthcare system. This assessment will involve analyzing health indicators, assessing facility infrastructure, conducting stakeholder consultations, and engaging with communities to understand their healthcare needs.
- **Infrastructure Improvement:** Based on the needs assessment, prioritize the infrastructure requirements for primary healthcare facilities. This may include renovations, expansion, or construction of new facilities in underserved areas, ensuring they meet the standards set by regulatory bodies.
- **Workforce Development:** Develop and implement training programs to enhance the skills and knowledge of primary healthcare providers. This will include training on evidence-based practices, disease management, patient-centered care, and community engagement.
- **Telemedicine Solutions:** Introduce telemedicine platforms to provide remote consultations, follow-ups, and access to specialist services for patients in remote areas. This will require setting up appropriate technology infrastructure, training healthcare providers, and ensuring secure and reliable communication channels.
- **Community Outreach Programs:** Establish community health centers or mobile health units to provide primary healthcare services in hard-to-reach areas. These units will focus on health promotion, disease prevention, and early detection of health conditions through screenings and awareness campaigns.

- **Sustainability:** To ensure the sustainability of the strengthened primary healthcare services, we will focus on capacity building of local healthcare providers, establishing effective governance mechanisms, promoting community engagement, and fostering partnerships with relevant stakeholders. By strengthening primary healthcare systems, we can create a foundation for long-term healthcare delivery and improved health outcomes.
- **Nutrition Education:** Implement a curriculum that integrates nutrition education into existing subjects, conduct workshops for students, teachers, and parents/guardians, and organize cooking demonstrations to promote healthy food choices.
- **Physical Activity:** Facilitate regular physical education classes, establish sports clubs and teams, provide access to age-appropriate exercise equipment, and organize active events and competitions.
- **Health Services:** Establish a school health clinic or coordinate with nearby health facilities to provide regular health check-ups, immunizations, and access to healthcare professionals for students.
- **Hygiene Promotion:** Conduct hygiene awareness campaigns, provide handwashing facilities, promote dental care, and distribute hygiene kits to students.
- **Resource Mobilization:** Secure funding, equipment, and resources required for the program, establish partnerships with local health authorities, NGOs, and community organizations.
- **Training and Capacity Building:** Provide training for teachers, staff, and community members on nutrition education, hygiene promotion, and mental health support.

- **Program Implementation:** Integrate health and nutrition activities into the school curriculum, organize health screenings, conduct workshops, and implement hygiene and mental health initiatives.
  
- **Sustainability:**
  - To ensure the long-term sustainability of the program, the following strategies will be employed:
    - **Integration into the School System:** Embed health and nutrition activities into the school's policies, curriculum, and routines.
    - **Community Engagement:** Foster strong partnerships with parents/guardians, local health authorities, and community organizations to share responsibilities and resources.
    - **Capacity Building:** Train teachers and staff to become advocates for health and nutrition, empowering them to sustain the program even after external support diminishes.
    - **Continuous Monitoring and Evaluation:** Regularly assess the program's impact, gather feedback from stakeholders, and make necessary improvements to maintain its effectiveness.

### 3) **Monitoring and Evaluation:**

- **Monitoring and Evaluation:** Regularly assess the program's impact on student health, nutrition, and academic performance, and make necessary adjustments to improve effectiveness.
- **Data Collection:** Develop a system for collecting data on the number of girls reached their feedback, and changes in knowledge and behaviour related to menstrual hygiene and personal safety .
- **Regular Assessment:** Conduct periodic assessment to evaluate the effectiveness of the project interventions, identify challenges, and make necessary adjustment

## **DETAILED ACTIVITIES UNDERTAKEN BY THE NGO:**

We are working in the field of women and child health, rural development, poverty alleviation, cultural and arts conservation of Backward and local areas. To create awareness regarding menstrual and hygiene we will conduct camps seminars and workshops.

1. Mobile van
2. Doctor aplyya dari Program
3. Health service to door step program
4. Camps on personal hygiene:
5. Seminar on women health
6. Awareness through street play
7. Awareness through discussion
8. Workshop on women menstrual and personal hygiene
9. Health awareness camp
10. Camp on sanitation and hygiene
11. To create awareness regarding social distancing
12. Awareness and inspiration to the people to take vaccination
13. To conduct survey on menstrual and personal hygiene
14. Data collection on menstrual
15. Provide free medical assistance to the needy people

## **Details of project Activities/Implementation plan:**

### **a) Formation of Health Post:**

We will organize health posts for group meetings and clinic in 35 villages in Beed District of Maharashtra where community organizer, occasionally nutritionist-cum-health Educator and Female public health supervisor will give education on health and nutrition one in a month amongst mother and newly married women to improve their health condition and a regular monthly counseling center will be conducted by our mobile clinic and these posts will arrange immunization camp and other necessary arrangement to make the people aware of health.

### **b) Home visit/Individual Counseling:**

To create an ideal mother and baby with small family norm in every home with adoption of temporary contraceptive method and permanent sterilization in our target village, our community organizer, Dai and volunteers will visit to every home to collect information regarding immunization coverage among pregnant mother and children, eligible couple, practices of low cost nutritious supplementary food, identification of high risk pregnant mothers and children.

### **c) ANC and PNC Services:**

Will be ANC and PNC services rendered by Community Organizer (Female) through our mobile health care unit once in a month at Health post to identify high risk pregnant and lactating mothers and children suffering from malnutrition and they will be

referred for consultation with medical officer to our Central level Clinic where daily service will be made available. Regular grant monitoring and advice on diet control will also be given to the expected mothers lactating mothers and children. At the health post minor iron and vitamin deficiency diseases will also be treated by community organizer at villages level.

**d) Training of Dai (Traditional Birth Attendant) and Community Organizer.**

On a regular basis we will arrange training program for Dai and Community organizers to impart knowledge and information to change their attitude and practices and to equip themselves with knowledge for safe delivery, identification of high risk pregnancies and children, malnourished mothers and child first aid, Home Nursing, treatment of common and minor ailments, different methods of birth control, motivation technique, supplementary nutritious food preparation and preparation of hand made oral re-hydration thereby etc. and their work will be monitored by Health Supervisor and Nutrition-cum-Health educator from time to time.

**e) Training of Volunteers:**

We will arrange Training for youth club, local leaders and school teachers to act as volunteers for full participation in our program implementation regarding immunization schedule, different methods of birth control, importance of functional literacy, low cost supplementary food preparation basic knowledge about community health, environmental sanitation, hygiene, supply of

safe drinking water, smokeless woven low-cost latrine etc. with community organization, community participation first aid and Home Nursing to change their practice toward achieving better health.

**f) Maternity Home:**

*We will also open a Maternity home with indoor and outdoor facilities for ANC, Natal and PNC services with 6 beds for safe delivery in case of high risk mother and normal mother who is in need, the poor and the deserving patients referred by our grass root level community organizer and village Dai. In case of special health care for malnourished children of 0-5 years of age, they will be admitted to this Home for proper systemic treatment. Other than this different patients suffering from different diseases will be treated from this health center.*

**2. Training and Education:**

To change rural odd practices pertaining to health we will impart rural people necessary Training to acquire knowledge through our functional literacy center at grass root level and for youth club member, community leader and school teacher training will be given at Center level regarding Health and Family Welfare Sanitation and supply of safe drinking water and preparation of low cost nutrition supplementary food preparation to achieve our ultimate goal of making at least one Health worker in every house and to create general consciousness about health hazards amongst the target community member.

to support children with disabilities effectively.

## **The project will provide the following services:**

This project will assess health care, health treatment, free medical assistance, free tolls distribution for disabled children and health camps. The main objective of the program will be

- To provide mobile health care services in Beed district of Maharashtra by covering rural and urban area where the basic access to health service is lacking.
- Increase access to health care in an underserved area: The primary objective of the mobile clinic is to bring health care into a community with limited access, specifically to those who are uninsured or underinsured.
- To ensure curative health care: To prescribe and dispense medicines on the spot for the common ailments and referral to hospital for other cases.
- To educate and build health awareness: To raise awareness about preventive health care issues including family planning, communicable and other diseases, audio visual equipment and a large screen will be fitted in the van. With the help of this facility educational films can be shown in villages.
- The clinic also integrates patients into existing social services and health care systems through referrals.
- To provide free episodic care at a time and place chosen to best serve our targeted population.

- To provide free tools of disabilities
- To increase awareness among people regarding child health
- Trainers selected a sample group from the community for research purpose

### **Construction of health care center:**

**Healthcare construction, planning, and design process includes all the essential steps crucial in any healthcare facility and medical assistance project. Building or assistance a healthcare or medical office facility involves careful planning, design, and execution to ensure safety, premium functionality, compliance with healthcare regulations, and a beautiful appearance that is both appealing and cozy.**

**To serve both patients and medical staff, ensuring safety and help in times of sickness or injuries, it is crucial for healthcare facilities to be safe, efficient, and well-designed. A great floorplan will majorly affect workflow, and ensure that even in the most hectic and active periods, physicians stay on top of the situation, and manage to help all the patients in need.**

**We will provide all health services at one point**

### **We will also conduct following activities:-**

Medical distribution camps at rural and urban areas. We will provide health and medical service at home to the needy people. Prenatal and postal care, general medical and child health services, information, consultations and referrals for complications, and trained attendants in child birth, in addition to family planning and sexual health care, immunization camps, ANC camps, adolescent training. The project will also provide protection and screening against sexually transmitted diseases including HIV/AIDS, teaches responsible sexual behavior, eye-camps, Gender equality training, Entrepreneurship training to raise income of women.

## **Brief on Goals and objectives of the project**

The proposed project aims to address the critical issues of nutrition education and food security, focusing on empowering individuals and communities to make informed dietary choices and ensure access to nutritious food. By combining educational initiatives, community engagement, and practical interventions, the project aims to improve overall health and well-being while reducing malnutrition and food insecurity.

Proper nutrition plays a pivotal role in promoting healthy development, enhancing cognitive abilities, and preventing various diseases. However, many individuals, particularly in underserved communities, lack access to nutritious food and lack the knowledge and skills necessary to make informed dietary choices. This project aims to bridge these gaps by implementing nutrition education programs and interventions that improve food security.

## **The Main Objectives:**

### **The primary objectives of the project are as follows:**

Increase awareness and knowledge of proper nutrition and dietary practices among individuals and communities.

Improve access to affordable, diverse, and nutritious food options, especially in vulnerable populations.

Empower individuals to make informed dietary choices through practical training and skill-building activities.

Reduce malnutrition rates, especially among children and vulnerable groups.

Foster sustainable practices for food production, storage, and distribution.

#### **❖ Nutrition Education Programs:**

Develop and implement nutrition education programs targeting different age groups, including children, adolescents, adults, and elderly individuals.

Collaborate with local schools, community centers, and healthcare facilities to deliver nutrition workshops, cooking demonstrations, and interactive sessions on healthy eating.

Create educational materials such as brochures, pamphlets, and digital resources to supplement the workshops and ensure long-term accessibility of information.

#### **❖ Community Engagement:**

Establish community-based nutrition committees comprising local leaders, healthcare professionals, educators, and volunteers.

Organize community outreach programs, including health fairs, nutrition-focused events, and awareness campaigns, to promote the importance of nutrition and food security.

Collaborate with local stakeholders, such as farmers' cooperatives, to strengthen the local food system and enhance the availability of nutritious produce.

### **❖ Practical Interventions:**

Develop and implement practical interventions to improve food security, such as community gardens, rooftop farming, and food cooperatives.

Provide training and support to individuals and communities in sustainable food production techniques, including organic farming, composting, and water conservation.

Establish partnerships with local markets, grocery stores, and food banks to increase access to affordable and nutritious food options

## **Specific objectives of the program:**

- ❖ To reduce the incidence of maternal mortality, child mortality and morbidity, dehydration and malnutrition (and to introduce sense) antenatal care, post-Natal care and Immunization services.
- ❖ To enhance the capability of mother to look after the normal health and nutritional needs of the child through proper nutrition and health education.
- ❖ (To make aware) of public health supervisor, community organizer, Traditional Birth Attendant (Dai) and volunteers of youth clubs in mother and child health and to enhance their skill and their respective roles towards service to be delivered in the project.
- ❖ To educate the community as to the concept and philosophy of family planning and its importance for the family, community and society and to create confidence among the people in adopting this practice and to expedite Governmental action for promotion of various measures to meet relevant needs of the people.
- ❖ To support and supplement special health related activities and preventive programs such as literacy training for female, sanitation and low cost methods of providing safe drinking water, smokeless stoves, latrine etc.
- ❖ To encourage and support programs to integrate traditional and western systems of health care.

- ❖ To eradicate illiteracy and to run post literacy and continuing education program for development through establishment of functional literacy center and other complementary activities.
- ❖ To involve participation in the planning, implementation and maintenance of activities envisaged and to raise income levels and expand employment opportunities of the weaker sections of society, particularly of women and of those living below the poverty line.
- ❖ To treat needy patients particularly to destitute women and children, to admit them in the hospital for their treatment and to supply nutritious and food for bed patients.
- ❖ To raise the nutritional status of the community, especially mothers and children by the use of cheap, locally available and nutritious foods. To impart nutrition, education and nutrition cooking demonstration to convince mothers.
- ❖ To arouse adequate consciousness about health and hygiene among villagers.
- ❖ To improve the status of health among mothers and children within 5 years in our adopted villages.
- ❖ To improve the standard of education for better community participation.
- ❖ To establish a network for effectiveness and long term effect of our program
- ❖ To maintain small family and increase acceptors of different methods for birth control amongst all castes, creed and religion.
- ❖ To reduce the incidence of maternal mortality, child mortality and morbidity re-hydration and malnutrition rate and to provide both antenatal and post-natal a care to at least 70% of the rural women within the next five years.

- ❖ To make the people conscious through basic literacy, hygiene, nutritional and environmental education.
- ❖ To improve the nutritional and health standard of mother and children suffering malnutrition in our target area.
- ❖ To make the people of the target communities conscious about basic health needs within 5 years.

- **Sustainability:** To ensure the sustainability of the strengthened primary healthcare services, we will focus on capacity building of local healthcare providers, establishing effective governance mechanisms, promoting community engagement, and fostering partnerships with relevant stakeholders. By strengthening primary healthcare systems, we can create a foundation for long-term healthcare delivery and improved health outcomes.

- **Conclusion:** Strengthening primary healthcare services is vital for achieving universal health coverage and addressing health disparities. This project proposal outlines a comprehensive approach to enhance the quality, accessibility, and effectiveness of primary healthcare services. By investing in primary healthcare, we can lay the groundwork for a healthier future for individuals, communities, and nations.

- The proposed project on nutrition education and food security aims to address the critical issues surrounding healthy eating and access to nutritious food. By combining education, community engagement, and practical interventions, the project will empower individuals and communities to make informed dietary choices, reduce malnutrition rates, and enhance food security. Through partnerships and sustainability efforts, the project will strive to create a lasting impact and contribute to improved health and well-being in the target communities

### **Project risks and mitigation strategies:**

**We are working in the field of health and sanitation specially health and nutrition in Backward areas of Beed district. We have good network with local governing bodies and NGOs. We are already working in the field and have started work on nutrition of children and lactating women. We are working in rural and Backward areas at Beed district. While we working we have faced many problems like interaction, lack of education and lack of knowledge. To overcome this problem we have some strategies-we will choose representatives from the local areas and we will do work with chain system/network system of work**

### **Project monitoring and evolution plan (MONITORING AND EVALUATION)**

#### **Plan for Monitoring**

A steering evaluation committee will be appointed to monitor the implementation and performance of activities to achieve the project objectives on concurrent method, by conducting monthly staff review meeting and medical team meeting. Each staff will monitor the activities at their level. The administrator will monitor the administrative and field staff. The Medical Officer will monitor the medical personnel performance and overall performance of the project.

Quarterly project review meeting, half yearly project review meeting and annually project review meeting will be done with

the target group, representatives like women's group, youth association representative and local leaders. These are internal monitoring and evaluations also will be done by the outsider appointed by the NGO.

### **PLAN FOR EVALUATION:**

Annual Evaluation and project overall evaluation will be done by external evaluators by adopting indicator of number.

#### **Indicators for evaluation:**

Number of children and lactating women have got proper nutrition.

Number of children have got treatment of malnutrition.

No. of women and children supplied nutritious food.

No. of children health checkup

No. of people received medicine in general health camps.

## Capacity description:

We have good experienced and high educated staff. Good infrastructure and good network with local presence. we have good financial stability also. We are running health projects with our self finance

## Impact of the project

**1. Improved child health Knowledge:** Through educational sessions, girls will gain a comprehensive understanding of child health, including malnutrition. This knowledge will empower them to face the difficulties.

**2. No of beneficiaries will increase:**

We will create awareness through social medical and inspire people to take benefits of the services provided by the organization. Under the Program we will provide service to 2620 children. Due to free treatment and free tools distribution many needy children will get benefits from the Program

**3. Positive Community Engagement:** We will engage various stakeholders, including parents, guardians, teachers, and Backward community leaders, in discussions about child health and personal safety. This engagement will foster a community-wide dialogue, promoting awareness, understanding, and support for child health needs

The overall impact of Project will be the transformation of child with disables' lives, enabling them to fight the difficulties.

## **Desired outcomes:**

### **Outcomes of proposed intervention:**

The project will have benefit on behavioural change on Backward community regarding daily nutritious food consumption, proper care and nurturing children and adolescents with adequate healthy food intake, hygienic practices and guide. Some of the benefit can be captured as:

- To reach 35 villages of Beed block and encourage community on daily nutritious food intake.
- Adequate knowledge and accessibility on healthy diversified diet intake.
- To reach 80 Backward families in proper Kitchen garden with 12 different vegetable and at least 3 fruit plant cultivation.
- Family consumes locally available nutritious food like vegetable and seasonal fruits.
- Adolescent having adequate knowledge regarding proper diet & nutrition which help them to grow up properly.
- At least 70% of girls adopted hygienic practices in menstruation with support of their family.
- Proper counselling of youth will be in practice of VO to guide them proper livelihood opportunity and reduce child marriage.

- Women have accessibility on Government line departments regarding their entitlements
- Backward Women and child will get proper nutrition
- 35 villages will have health awareness and effective preventive care for health problems.
- The children and new born of the project area will gain good health.
- The immunization ratio will increased from 15% to 80%.
- The women will receive vaccination and get regular medical checkup.
- Women and children's health will be improved.
- Infant and maternal mortality rate will reduce.

## \* नियम व नियमावली \*

१) संस्थेचे नाव :- श्री साई बहुउद्देशीय सेवाभावी संस्था, बीड

२) संस्थेच्या कार्यालयाचा पत्ता :- एन. के. कॉलनी, बीड., ता. जि. बीड.

३) नियमातील संदर्भीय शब्दांची व्याख्या

१) सर्वसाधारण सभा :- सर्व प्रकारच्या सभासदांची मिळून झालेली सभा.

२) विशेष सर्व साधारण सभा:- महत्वाच्या कारणासाठी अल्प मुदतीत बोलावलेली सभा.

३) कार्यकारी मंडळ :- पदाधिकारी व सर्व साधारण सभेतुन निवडून आलेले सभासद.

ज्या शब्दाच्या अर्थाचा वाद निर्माण होईल त्या शब्दाच्या अर्थाचा सर्वसाधारण सभा निर्णायक अर्थ ठरविल.

४) संस्थेचे कार्यक्षेत्र :- संपूर्ण महाराष्ट्र.

हिशोबाचे वर्ष :- १ एप्रील ते ३१ मार्च अखेर राहिल.

५) सभासदत्व व त्यांची नोंदणीची पद्धत.

कोणत्याही १८ वर्षा वरील भारतीय स्त्री किंवा पुरुषाला संस्थेचे सभासद खालील अटीचा वापर करुन होता येईल.

१) ज्या व्यक्ती संस्थेचे सभासद होऊ इच्छित असतील त्यांना संस्थेचे ज्ञापन व नियम मान्य असले पाहिजेत व तसा नियम व ज्ञापन मान्य असल्या बाबतचा लेखी अर्ज देणे आवश्यक आहे.

२) सभासदासाठी करावयाचा अर्ज हा लेखी स्वरूपात सचिवाकडे दिला पाहिजे आलेला अर्ज कार्यकारी मंडळा समोर ठेऊन त्यावर होणारा निर्णय सचिवांनी संबंधितांना कळविला पाहिजे.

३) सभासदाचा अर्ज मंजुर किंवा नामंजुर करण्याचा अधिकार संपूर्ण पणे कार्यकारी मंडळाला राहिल.

४) सभासदाचा अर्ज मंजुर झाल्यावर प्रथम रुपये ५/- प्रवेश फी भरावी लागेल. प्राथमिक सभासदत्व मिळाल्या नंतर त्याला कोणत्याही प्रकारचा सभासद होता येईल.

७) सभासदाचे प्रकार :-

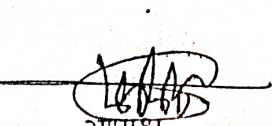

या संस्थेचे खालील प्रमाणे सभासदाचे प्रकार राहतील.

१) आजीव सभासद.

२) साधारण सभासद.

१) आजीव सभासद

कोणत्याही व्यक्तीला कलम ६ मधील अटी पूर्ण करुन व रुपये ५०१/- वर्गणी भरुन त्या संस्थेचा आजीव सभासद होता येईल त्याला पुन्हा वर्गणी भरावी लागणार नाही. तो या संस्थेचा मरेपर्यंत सभासद राहिलत्याला आजीव सभासद होऊन ३ महिने पूर्ण झाल्यावर मतदान व निवडणुकीस उभे राहण्याचा अधिकार प्राप्त होईल.

## २) साधारण सभासद

कोणत्याही व्यक्तीला कलम ६ मधील अटी पूर्ण करुण व रुपये १०१/- वर्गणी भरुन त्या संस्थेचा साधारण सभासद होता येईल, त्यास ६ महिने झाल्यावर मतदानाचा व निवडनुकीस उभे राहण्याचा अधिकार प्राप्त होईल. त्याला प्रत्येक वर्षी ३१ मार्च संपल्यानंतर २ महिन्यांच्या आत सभासद वर्गणी भरावी लागेल. जर त्याने सभासद वर्गणी भरली नाही तर तो थकबाकीदार ठरेल व त्याला वरील अधिकारापासून वंचित व्हावे लागेल. ही वर्गणी त्याचे ६ महिने पूर्ण होईपर्यंत भरली नाही तर त्याचे सभासदत्व रद्द झाले असे समजले जाईल व त्याला पुन्हा सभासद होण्याचा अधिकार राहणार नाही.

## ८) सभासदत्व रद्द करणे.

मुदत पर्व सभासद वर्गणी न भरल्यास, मृत्यु पावल्यास, वेडा झाल्यास लेखी नोटीस मिळुनही सतत ३ महिने गैरहजर राहील्यास, गाव सोडुन ३ वर्षांपेक्षा जास्त कालावधीसाठी भारताबाहेर गेल्यास, फौजदारी खटल्यात गुन्हेगार ठरुन शिक्षा झाल्यास, थकबाकीदार झाल्यास, संस्थेची बदनामी होईल असे वतन केल्यास त्याचे सभासदत्व रद्द ठरविण्यात येईल.

## ९) सर्वसाधारण सभा तिचे अधिकार आणि कार्ये :-

सर्व सभासदांची मिळुन हि सभा बनेल ही सभा सर्व श्रेष्ठ व शेवटी निर्णय देणारी सभा समजली जाईल. या सभेत कार्यकारी मंडळ निवडले जाईल, अंदाजपत्रकास मान्यता देणे, घटना बदल करणे, ही सभा वर्षातुन एकदा केव्हाही घेतली जाईल व सभेचा कोरम २/३ असा राहील या सभेत घेतलेले निर्णय सर्वावरबंधनकारक राहतील.

## १०) सर्वसाधारण सभेची सुचना व गणसंख्या

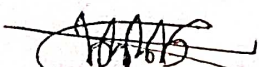

सर्वसाधारण सभेची नोटीस १५ दिवस अगोदर काढण्यात येईल नोटीस मध्ये विषय, स्थळ, वेळ असणे आवश्यक आहे, नोटीसवर सर्व सभासदांच्या स्वाक्षऱ्या घेतल्या जातील किंवा सदर नोटीस सभासदांना १५ दिवस अगोदर रजिस्टर पोस्टाने पाठविण्यात येईल. याची दक्षता घेतली जाईल. सदर सभेची गणसंख्या २/३ सभासदा इतकी राहील, गणसंख्या अभावी सभा तहकुब झाल्यास अर्ध्या तासाने ती सभा त्याच ठिकाणी त्याच दिवशी होईल अशी तहकुब सभेस कोरमची अट राहणार नाही.

## ११) विशेष साधारण सभा

अ) एखाद्या महत्वाच्या कामी किंवा २/३ सभासदांच्या लेखी मागणीवरुन ही सभा बोलावली जाईल. या सभेस कलम १० प्रमाणे सर्व नियम लागू राहतील.

## १२) संस्थेचे कार्यकारी मंडळ, पदाधिकारी याची रचना

या संस्थेचे कार्यकारी मंडळ खालील प्रमाणे कमीत कमी ७ व जास्तीत जास्त १५ सभासदांचे पदाधिकाऱ्याची राहील त्यात (१) अध्यक्ष -१, (२) उपाध्यक्ष -१, (३) सचिव -१, (४) सहसचिव - १, (५) कोषाध्यक्ष-१, (६) बाकीचे सभासद राहतील. पदाधिकाऱ्यांच्या जबाबदाऱ्या वैयक्तिक व संयुक्तरित्या राहतील.

  
अध्यक्ष

  
उपाध्यक्ष

  
सचिव

## १३) कार्यकारी मंडळाचा कार्यकाल व निवडणुकीची पद्धत

कार्यकारी मंडळाची निवड दर ५ वर्षांनी सर्व साधारण सभेत बहुमताने होईल.

## (अ) निवडणुकीस अपात्र

थकबाकीदार ७ (१ व २) ची पूर्तता होत नसेल तर कलम ६ प्रमाणे अपात्र ठरला असेल तर तो सभासद निवडणुकीस अपात्र ठरेल.

(ब) कार्यकारी मंडळाची निवडणुक मुदतपूर्व घेण्यात येईल.

## १४) कार्यकारी मंडळाचे पदाधिकारी व त्यांची कामे

## १) अध्यक्ष :-

सर्व प्रकारच्या सभांचे अध्यक्षस्थान स्विकारणे, सचिवांच्या कामावर नियंत्रण ठेवणे, सचिवांनी सभा न बोलावल्यास त्याला लेखी कळविणे सचिवास ३ वेळा लेखी कळवून ही सभा न बोलावल्यास स्वतःच्या अधिकारात सभा बोलावणे, समान मते झाल्यास १ जादा मत देण्याचा अधिकार अध्याक्षांना राहिल.

## २) उपाध्यक्ष :-

अध्याक्षांच्या गैरहजेरीत त्यांची सर्व कामे करणे व संस्थेच्या इतर सर्व कामांत सचिवांना मदत करणे, अध्याक्षांचे पद मध्येच रिक्त झाल्यास पुढील निवडणुकीपर्यंत उपाध्यक्ष हे अध्यक्ष म्हणुन कायदेशिर काम करतील व इतर सभासदा मधुन उपाध्यक्षांचे पद मध्येच भरले जाईल.

## ३) सचिव :-

## \* नियम व नियमावली \*

A.C.N.

१) संस्थेचे नाव :- श्री साई बहुउद्देशीय सेवाभावी संस्था, बीड

२) संस्थेच्या कार्यालयाचा पत्ता :- एन. के. कॉलनी, बीड., ता. जि. बीड.

३) नियमावलीतील संदर्भीय शब्दांची व्याख्या

१) सर्वसाधारण सभा :- सर्व प्रकारच्या सभासदांची मिळून झालेली सभा.

२) विशेष सर्व साधारण सभा :- महत्वाच्या कारणासाठी अल्प मुदतीत बोलावलेली सभा.

३) कार्यकारी मंडळ :- पदाधिकारी व सर्व साधारण सभेतुन निवडून आलेले सभासद.

ज्या शब्दाच्या अर्थाचा वाद निर्माण होईल त्या शब्दाच्या अर्थाचा सर्वसाधारण सभा निर्णायक अर्थ ठरविल.

४) संस्थेचे कार्यक्षेत्र :- संपूर्ण महाराष्ट्र.

५) हिशोबाचे वर्ष :- १ एप्रील ते ३१ मार्च अखेर राहिल.

६) सभासदत्व व त्यांची नोंदणीची पद्धत.

कोणत्याही १८ वर्षा वरील भारतीय स्त्री किंवा पुरुषाला संस्थेचे सभासद खालील अटीचा वापर करुन होता येईल.

१) ज्या व्यक्ती संस्थेचे सभासद होऊ इच्छित असतील त्यांना संस्थेचे ज्ञापन व नियम मान्य असले पाहिजेत व तसा नियम व ज्ञापन मान्य असल्या बाबतचा लेखी अर्ज देणे आवश्यक आहे.

२) सभासदासाठी करावयाचा अर्ज हा लेखी स्वरूपात सचिवाकडे दिला पाहिजे आलेला अर्ज कार्यकारी मंडळा समोर ठेऊन त्यावर होणारा निर्णय सचिवांनी संबंधितांना कळविला पाहिजे.

३) सभासदाचा अर्ज मंजूर किंवा नामंजूर करण्याचा अधिकार संपूर्ण पणे कार्यकारी मंडळाला राहिल.

४) सभासदाचा अर्ज मंजूर झाल्यावर प्रथम रुपये ५/- प्रवेश फी भरावी लागेल. प्राथमिक सभासदत्व मिळाल्या नंतर त्याला कोणत्याही प्रकारचा सभासद होता येईल.

७) सभासदाचे प्रकार :-

या संस्थेचे खालील प्रमाणे सभासदाचे प्रकार राहतील.

१) आजीव सभासद.

२) साधारण सभासद.

१) आजीव सभासद

कोणत्याही व्यक्तीला कलम ६ मधील अटी पूर्ण करुन व रुपये ५०१/- वर्गणी भरुन त्या संस्थेचा आजीव सभासद होता येईल त्याला पुन्हा वर्गणी भरावी लागणार नाही. तो या संस्थेचा मरेपर्यंत सभासद राहिल त्याला आजीव सभासद होऊन ३ महिने पुर्ण झाल्यावर मतदान व निवडणुकीस उभे राहण्याचा अधिकार प्राप्त होईल.

अध्यक्ष

उपाध्यक्ष

सचिव

## २) साधारण सभासद

कोणत्याही व्यक्तीला कलम ६ मधील अटी पूर्ण करुण व रुपये १०१/- वर्गणी भरून त्या संस्थेचा साधारण सभासद होता येईल, त्यास ६ महिने झाल्यावर मतदानाचा व निवडनुकीस उभे राहण्याचा अधिकार प्राप्त होईल. त्याला प्रत्येक वर्षी ३१ मार्च संपल्यानंतर २ महिन्यांच्या आत सभासद वर्गणी भरावी लागेल. जर त्याने सभासद वर्गणी भरली नाही तर तो थकबाकीदार ठरेल व त्याला वरील अधिकारापासून वंचित व्हावे लागेल. ही वर्गणी त्याचे ६ महिने पूर्ण होईपर्यंत भरली नाही तर त्याचे सभासदत्व रद्द झाले असे समजले जाईल व त्याला पुन्हा सभासद होण्याचा अधिकार राहणार नाही.

## ८) सभासदत्व रद्द करणे.

मुदत पर्व सभासद वर्गणी न भरल्यास, मृत्यु पावल्यास, वेडा झाल्यास लेखी नोटीस मिळूनही सतत ३ महिने गैरहजर राहिल्यास, गाव सोडून ३ वर्षांपेक्षा जास्त कालावधीसाठी भारताबाहेर गेल्यास, फौजदारी खटल्यात गुन्हेगार ठरून शिक्षा झाल्यास, थकबाकीदार झाल्यास, संस्थेची बदनामी होईल असे वतन केल्यास त्याचे सभासदत्व रद्द ठरविण्यात येईल.

## ९) सर्वसाधारण सभा तिचे अधिकार आणि कार्ये :-

सर्व सभासदांची मिळून हि सभा बनेल ही सभा सर्व श्रेष्ठ व शेवटी निर्णय देणारी सभा समजली जाईल. या सभेत कार्यकारी मंडळ निवडले जाईल, अंदाजपत्रकास मान्यता देणे, घटना बदल करणे, ही सभा वर्षातून एकदा केव्हाही घेतली जाईल व सभेचा कोरम २/३ असा राहील या सभेत घेतलेले निर्णय सर्वावरबन्धनकारक राहतील.

## १०) सर्वसाधारण सभेची सुचना व गणसंख्या

सर्वसाधारण सभेची नोटीस १५ दिवस अगोदर काढण्यात येईल नोटीस मध्ये विषय, स्थळ, वेळ असणे आवश्यक आहे, नोटीसवर सर्व सभासदांच्या स्वाक्षण्या घेतल्या जातील किंवा सदर नोटीस सभासदांना १५ दिवस अगोदर रजिस्टर पोस्टाने पाठविण्यात येईल. याची दक्षता घेतली जाईल. सदर सभेची गणसंख्या २/३ सभासदा इतकी राहील, गणसंख्या अभावी सभा तहकुब झाल्यास अर्ध्या तासाने ती सभा त्याच ठिकाणी त्याच दिवशी होईल अशी तहकुब सभेस कोरमची अट राहणार नाही.

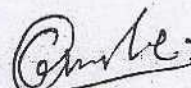

## ११) विशेष साधारण सभा

अ) एखादया महत्वाच्या कामी किंवा २/३ सभासदांच्या लेखी मागणीवरून ही सभा बोलावली जाईल. या सभेस कलम १० प्रमाणे सर्व नियम लागू राहतील.

## १२) संस्थेचे कार्यकारी मंडळ, पदाधिकारी याची रचना

या संस्थेचे कार्यकारी मंडळ खालील प्रमाणे कमीत कमी ७ व जास्तीत जास्त १५ सभासदांचे पदाधिकाऱ्याची राहील त्यात (१) अध्यक्ष -१, (२) उपाध्यक्ष -१, (३) सचिव -१, (४) सहसचिव - १, (५) कोषाध्यक्ष-१, (६) बाकीचे सभासद राहतील. पदाधिकाऱ्यांच्या जबाबदाऱ्या वैयक्तिक व संयुक्तरित्या राहतील.

  
अध्यक्ष

  
उपाध्यक्ष

  
सचिव

## १३) कार्यकारी मंडळाचा कार्यकाल व निवडणुकीची पद्धत

कार्यकारी मंडळाची निवड दर ५ वर्षांनी सर्व साधारण सभेत बहुमताने होईल.

## (अ) निवडणुकीस अपात्र

थकबाकीदार ७ (१ व २) ची पूर्तता होत नसेल तर कलम ६ प्रमाणे अपात्र ठरला असेल तर तो सभासद निवडणुकीस अपात्र ठरेल.

(ब) कार्यकारी मंडळाची निवडणुक मुदतपूर्व घेण्यात येईल.

## १४) कार्यकारी मंडळाचे पदाधिकारी व त्यांची कामे

## १) अध्यक्ष :-

सर्व प्रकारच्या सभांचे अध्यक्षस्थान स्विकारणे, सचिवांच्या कामावर नियंत्रण ठेवणे, सचिवांनी सभा न बोलावल्यास त्याला लेखी कळविणे सचिवास ३ वेळा लेखी कळवुन ही सभा न बोलावल्यास स्वतःच्या अधिकारात सभा बोलावणे, समान मते झाल्यास १ जादा मत देण्याचा अधिकार अध्यक्षांना राहिल.

## २) उपाध्यक्ष :-

अध्यक्षांच्या गैरहजेरीत त्यांची सर्व कामे करणे व संस्थेच्या इतर सर्व कामांत सचिवांना मदत करणे, अध्यक्षाचे पद मध्येच रिक्त झाल्यास पुढील निवडणुकीपर्यंत उपाध्यक्ष हे अध्यक्ष म्हणुन कायदेशिर काम करतील व इतर सभासदा मधुन उपाध्यक्षाचे पद मध्येच भरले जाईल.
